I think we were consistent (which is good since we just talked about it maybe 30 minutes earlier).

The way I put it is that there are two extremes: diving in and becoming a member of the steering committee (which is where he started) v. taking potshots from the outside. And that we were trying to figure out where in the middle of those we wanted to be, since neither extreme works given our roles and resources.

I'm out today (series of MD appts) but in on Thursday and Friday. If there is something REALLY important, call me at 925-284-2208.

I also spoke with David and ensured him of our interest in BDCP but also told him what I said in our mtg - we need to be efficient in our time and find the best venue for our issues. He will help us do that, working with Dan Castleberry. He mentioned this then on CEQ call (though I'm not sure why). More on CEQ call later.
